THE PERFECT MIX FOR FISHING AND CRUISING COMFORT

[home](#) > [Captur Pilothouse](#) > [New 905 Pilothouse](#)

[Specifications](#)[Equipment](#)[Compatible Engines](#)[Technical Drawings](#)[Key features](#)[Share:](#)

The days you had to choose between comfort and performance, between fishing and cruising are gone. With the 905 Pilothouse you can have both! Designed without compromise for fishing, adventure & fun, and all in perfect safety and comfort. The 905 Pilothouse is suited for offshore cruising (category B) and carries up to 10 people. It features a comprehensive fishing station, as well as overnighting capacity for up to 6 persons. Performance is safe and agile thanks to the Mercury engine offering, and power of up to 500 hp. means you get to the fish in almost no time at all. The 905 Pilothouse; why settle for less when you can have it all?

SAFETY

Designed for robust yet high-performance use both inshore and offshore, the 905 Pilothouse's precision engineered deep-V hull is ideal for both fishing and cruising in a variety of weather and sea conditions. The high-spec electronic pack, which includes a GPS for precise navigation, and a VHF for secure communication. The cabin offers a 360° visibility and dual pilothouse screen wipers and screen wash keep your view clean. On-board circulation is designed for safety, with both port and starboard bow to stern access. The slight asymmetrical position leaves a wider passage on the starboard side. Large access is possible via the stern, whose twin swim platforms include a robust ladder allowing for equally easy access from the water.

COMFORT

Fishing and comfort go hand in hand with the 905 Pilothouse both inside and outside the boat. The bow section and cockpit feature ample seating capacities, while the cockpit has an exterior flood light for night-time operation. Inside, the fully featured galley includes a sink and LPG stove, while the cabin gives easy access to a full size forward berth for 2 persons as well as a spacious aft berth configured for both single and dual accommodation. The fully separated head features an enclosed toilet as well as a pull-out shower while throughout the opening portlights and skylight give plenty of ventilation and natural daylight.

DOCUMENTATION AND PRESS REVIEWS

[Press release](#)

FISHING

The 905 Pilothouse's large, well-appointed fishing cockpit is the serious angler's dream. The fish station comes with a sink, cutting board, cold water wash, knife holder, storage and rod holders, with the Fish Pack upgrade adding a livewell, raw water washdown, extra rod holders and in-cabin safe rod storage, refrigerator drawers and additional stainless steel rod holders – and the entire station slides back at the touch of the button to maximise cockpit area. There are integrated fish lockers in the cockpit floor, an optional second helm station and integrated optional sun shade means there's no need to seek refuge from the sun. Integrated rod holder storage inside the lockable cabin means you can leave your fishing gear on the boat.

STORAGE

Despite its impressive range of features, there's one thing the 905 Pilothouse doesn't lack and that is space. The cockpit has a large central storage as well as two fish lockers for holding your catch, as well as extra storage space in the fish station. Inside, you'll find storage in the dining area, in the galley and a large storage space under the berth in the cabin. So when you take the 905 Pilothouse out cruising or fishing, not only are you fully equipped for adventure, but you also have the space for all your comfort stuff too.

SMART EDITION

Be sure to get what you need: the Smart Edition is based on the options that are most frequently requested by our customers.

In addition to that you save an average of 10% when compared to ordering options separately. The Smart Edition has short delivery times and is probably already available.
